

Assistant Rotary Driller

- **Wolverhampton/Cannock/Leicester/Newton Abbot**
- **£Competitive**
- **ADS Drilling**
- **Full-time Position**

ADS Drilling Midlands have a position for an **Assistant Rotary Driller**

The Role

The position will involve working across the UK on various sites, ranging from major infrastructure projects and construction sites to factories, highways and rail. Work involves geotechnical drilling alongside ground source heat pump, geothermal boreholes and water borehole drilling. The role is entirely based outdoors, and as such the candidate will be expected to work outside in all weathers and be physically fit and able to keep up with the manual handling that the job requires. Due to the nature of the works, the candidate will also be expected to stay away from home in pre-paid accommodation Monday to Friday.

The role will include assisting the Lead Driller on a daily basis and will include physical works outdoors in all weathers, with liaison with the client and engineers as and when necessary.

Candidate Requirements

The role ideally suits an individual who is team-focused, hard working and takes pride in their job and the end product. ADS is a family-run business and as such we take care of each other and have a strong team focus in parallel with a readily recognisable brand which makes for a formidable teamwork ethic. We are looking for a candidate who can display a strong skillset based upon these values and will be motivated to help the business succeed.

No experience in the drilling industry is necessary as full training will be provided however the candidate will be required to have experience working as part of a team in a physical hands-on role. A full, clean UK Driving Licence is essential. The ability to pass regular, random drug and alcohol screenings is an essential part of this role. Preferable but not essential is a CSCS card and B + E driving licence. The candidate will have access to a company vehicle which is shared with the Lead Driller for transport to and from the work sites. Please note that the successful candidate will be required to reside close to either Cannock, Wolverhampton, Leicester or Newton Abbot as commuting is required.

Rewards

In line with ADS' ethos, the right candidate will be offered extensive training and career progression in line with the sustainable growth that the company has achieved over the recent past. Alongside a competitive salary and career progression, we also offer an overnight subsistence allowance when working and staying away from home, as well as a generous bonus scheme.
